A note from the Principal

Every student can learn, just not in the same way.

Our children are active change-makers who help us create a more conscious and mindful society. They are not just the passive recipients of our continuous efforts.

If we look around, it is evident that children feel and react much more strongly and positively about whatever is happening around them. They question, they challenge, they pull us out of our lethargic stupor that we have let ourselves slip into because of the routine.

An essential part of our children's learning at schools need to be on developing life skills and not just the academics. This is to equip them with critical thinking, analytical skills, problem solving and contribute to the holistic development and thus transforming them into the responsible citizens of tomorrow.

Keeping this objective in mind, we need to give them a platform for expressing their creativity, where they can share their ideas, vision and visualization that alchemize into reality.

Newsletter is one such effort from school.

Dear Students,

It is a pleasure to welcome the students of Grade 3 of Nurture International school to the Academic Year 2022-2023. We work together with open communication, teamwork, and a dedication to continuously improve. We promise this to be a rewarding and enjoyable year for you all.

LORD Ganesha and Parvathi lived with their children, Ganesha and Karthika. The elephant headed Ganesha was of patience and wisdom. Karthik on the other hand was mischievous and playful. One day, Lord Brahma the creator called his son Narada and said : I want you to find out who is wiser, Ganesha or Karthika?": I do not know" said Narada:"But I can find out". Later after a small test Ganesha was found to be wiser.

The Golden Touch

There once was a king named Midas who did a good deed for a Satyr. And he was then granted a wish by Dionysus, the god of wine.

For his wish, Midas asked that whatever he touched would turn to gold. Despite Dionysus' efforts to prevent it, Midas pleaded that this was a fantastic wish and so it was bestowed.

Excited about his newly-earned powers, Midas started touching all kinds of things, turning each item into pure gold.

But soon, Midas became hungry. As he picked up a piece of food, he found he couldn't eat it. It had turned to gold in his hand.

Hungry, Midas groaned, "I'll starve! Perhaps this was not such an excellent wish after all."

Seeing his dismay, Midas' beloved daughter threw her arms around him to comfort him, and she too turned to gold. "The golden touch is no blessing," Midas cried.

The Moral,

Greed will always lead to downfall
