

Special Assembly-Krishnajanmashtami Day Report (Grade I)

Dated: -02-09-2021

Report By - Jayani V

"Festivals are an expressive way to celebrate glorious heritage, culture, and tradition. They are meant to rejoice special moments and emotions in our lives with our loved ones".

On the auspicious occasion of Janmashtami, Nurture International School virtually organized several activities for the fun-filled learning of Indian traditions and to fill within students, respect for their culture.

Lakshith Shetty of grade 1A rendered an interesting speech on the significance of Janmashtami followed by the video about the birth of Lord Krishna.

The event consisted of group dance performed virtually by our tiny tots. Students were dressed up in the attires of Radha and Krishna. With their admirable performance, they mesmerized everyone. The graceful expressions given by the little and beautiful gopikas while performing the dance virtually along with naughty Krishnas, marked the event more fun. There was devotion, creativity, enjoyment and fun altogether.

Later, the students were asked to share their beautifully posed pictures and videos on bhajans and slogans rendered by them about Janmashtami to their respective class teachers.

We had the whole event participated by our grade 1 students with the guidance of the in-charge teachers.

The sole reason for celebrating this event was to bring in the essence of love and togetherness amongst us in the form of unity.

Here are the glimpses of our beautiful Radhas and handsome Krishnas.
