LOOK at
 what we're
 learning

"Every student can learn, just not in the same way".

Our children are active change-makers who help us create a more conscious and mindful society. They are not just the passive recipients of our continuous efforts.

If we look around, it is evident that children feel and react much more strongly and positively about whatever is happening around them. They question, they challenge, they pull us out of our lethargic stupor that we have let ourselves slip into because of the routine.

An essential part of our children's learning at schools need to be on developing life skills and not just the academics. This is to equip them with critical thinking, analytical skills, problem solving and contribute to the holistic development and thus transforming them into the responsible citizens of tomorrow.

Keeping this objective in mind, we need to give them a platform for expressing their creativity, where they can share their ideas, vision and visualization that alchemize into reality.

Newsletter is one such effort from school.

WELCOME

You can learn something new every day if you listen.

W- When you

E- Enter the room

L- learning is fun

C- Co-operation is expected

O- Our positive attitudes and

M- Mutual respect are part of

E- Everything we do and say

Welcome to grade 6th. I hope you all are refreshed and organized for another academic year.

I am so excited to have you in my class this year , we are going to do and learn so many new things. I hope you will excel in your studies and curriculum activities and make us proud with your best efforts and results

We are going to have fun learning Math, Coding, Reading, Writing innovations in Science, exploring in social studies and lot's more.

Dear students,

- welcome,
 - you are valued,
 - You are listened to
 - You are important
 - You will succeed
 - We believe in you

TRAVEL DIARY

My Experience

Patel Rugved Alpeshkumar
Grade 6A

Patel Rugved Alpeshkumar * 6thA

* Travel Experience *

→ It is true that if you really want to enjoy nature, you should go closer to it, not by reading a book.

→ We all love to travel with our family, spend time together and go sightseeing. I went to Junagadh with my family a few months ago. It is located in Gujarat state. Junagadh is famous for the Gir Sanctuary, the only abode to Asiatic lions and mountain range of Gir Girnar which is a major pilgrimage destination. I was excited about visiting many tourist attractions, the city has.

(1) Ashoka Edicts: A collection of 14 commandments. → King Ashoka was one of the most famous kings who had many successful quests after which he realized that the path of violence is the wrong path. After having this realization he gave up traits such as greed. To spread the message of love and peace he inscribed many edicts. One of these edicts is situated at the foot of the famous Girnar Hills and is one of the spiritual places to visit in Junagadh. During 250 B.C, there were 14 such edicts. I have actually read about Ashoka's inscription in the book but I had a very good experience when I saw it.

(2) Gir National Park: Gir National Park in Gujarat is the only place in the world where you can spot lions roaming freely in the wild, besides

Africa. There I had the opportunity to go on an open safari in the forest. Where I saw some lions sleeping under the tree and some moving around. At first I was scared to see it, then I enjoyed it.

(3) Wellington Dam: Another famous tourist attraction in Junagadh is Wellington Dam which is one of the most beautiful places to visit for witnessing the sunset. This dam was constructed over the Kalwa river and is set on the foothills of mountain Girnar. Where, I did make a reel with my mom and ~~at~~ dad. It was very memorable for me.

(4) Girnar Hills: Girnar Hills are one of the most-visited and top tourist attractions in Junagadh. The existence of these hills can be found during the Mohenjo Daro. You have to climb ten thousand steps to reach the top of Girnar hill. During the visit to Girnar Hills we enjoyed the rope-way facility.

→ I had a great trip and learnt a lot about the nature, history and will stay in my memory forever.

IT IS NEVER
Too EARLY To
BEGIN
EXPLORING THE
WORLD.

My school

Pranathi R Grade 6B

The name of my school is "Nurture International school". It is one of the best school in my city. The school building is very big. We have many classrooms, science lab, library and big computer lab too.

The teachers of my school are well educated and multi talented. They teach us in a creative way. Our teachers also teach us moral values. Many functions like annual day, sports day, children's day ,Ganesh Chaturthi, Independence day, Republic day, Diwali etc are conducted in my school.

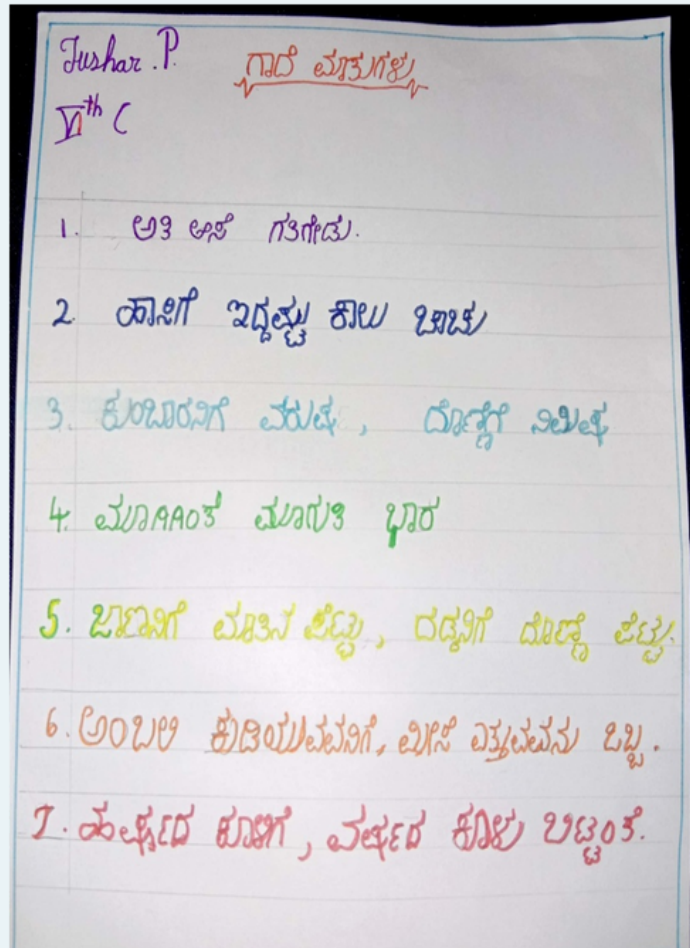

We are like a family in our school. My school also takes part in various extra curricular activities. The atmosphere of my school is peaceful and suitable for studies. I love my school very much.

Fun facts

Tushar.P
Grade 6C

- A Crocodile cannot stick out its tongue . Its tongue is attached to bottom of its mouth by a membrane.
- The highest score ever recorded in a football game was 149-0 , because they scored these goals by kicking in their own net.
- The National Anthem of Greece has 158 verses, which officially makes it the longest National Anthem in the world, by length of text.

Fun facts

MD Ghouse RK
Grade 6B

1. The Black Mamba snake, one of the most poisonous snake in the world,

3. It is longest species of venomous snake in Africa.
4. Black mambas are extremely toxic and very fast snakes.
5. Where nearly 20,000 people die from snake bites every year.
6. These speedy serpents can move faster than most people can run.

Riddles

	What has 4 fingers and a thumb, but is not living?
	What occurs once in a minute, twice in a movement and never in one thousand years?
	I am full of holes; I can hold water. What am I?
	I am an odd number. Take away a letter and I become even. What number am I?

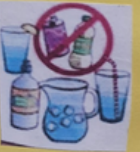

By:- Bipin P Grade:- 6th B School:- NIS

ALL IS A RIDDLE, AND
THE KEY TO A RIDDLE...
IS ANOTHER RIDDLE.

THE POND OF FISH

There was a big pond near a town . In the pond lived many beautiful fish.

The pond had become a tourist spot for people. People used to bring small wheat dough balls wrapped in newspaper and feed the fish.

Soon they started to bring variety of foods in plastic bag. One day a father and daughter visited the pond to see fish. But the pond was filled with plastic. The daughter asked her dad, it is not good for fish right? "yes you are right ", told dad. We have to avoid this . They got an idea of placing a sign board and dustbin next to pond. The People followed the instructions on the sign board .

Moral : Avoid using plastic. Don't throw it , into the pond it is not good for fish.

TRAVEL EXPERIENCE- KERALA
ADITI SURAJ
GRADE 6C

Palakkad to Trivandrum to Kovalam to Kanyakumari...

On 3 May, 2022 we decided to go to Trivandrum to visit Padmanabhaswamy temple. So, we left on the morning of 4th May to Trivandrum. We had to travel straight for almost 12 hours by road. It was 11.30 PM when we reached the Hyacinth hotel. After waiting for half an hour, we checked in and went to our room. It was 12.00 AM by then. We ordered for some dinner. My grandparents got free food as someone else had accidentally ordered food to their room.

The next morning, we went to Padmanabhaswamy temple. After that we left to Kovalam. Where we stayed in Udaya Samudra Hotel. In the evening we went to Kovalam beach and played there. Next day we played in the beach again and had breakfast afterwards. In the evening, at around 4.00 PM, we left to Kanyakumari to see the sunset. We were lucky as we got to watch the sunset and it was beautiful. When it got dark, we bought some toys and memento to remember this trip. I and my cousins bought a ring with our name engraved on it. Then we went back to our hotel. The next day, on 7th May, we made our way back home. We reached home at 12.00 PM.
