The Monthly Recap

"Every student can learn, just not in the same way".

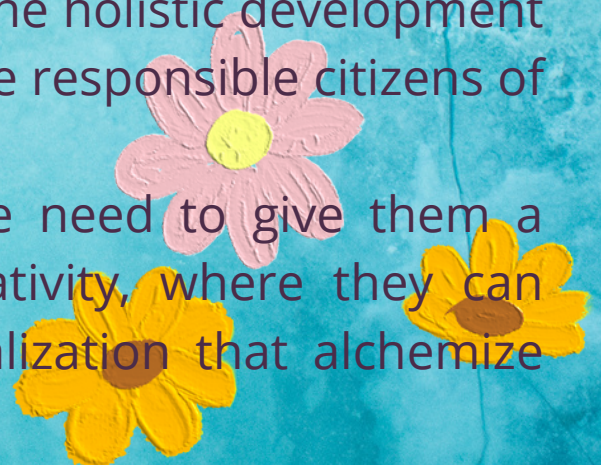

Our children are active change-makers who help us create a more conscious and mindful society. They are not just the passive recipients of our continuous efforts.

If we look around, it is evident that children feel and react much more strongly and positively about whatever is happening around them. They question, they challenge, they pull us out of our lethargic stupor that we have let ourselves slip into because of the routine.

An essential part of our children's learning at schools need to be on developing life skills and not just the academics. This is to equip them with critical thinking, analytical skills, problem solving and contribute to the holistic development and thus transforming them into the responsible citizens of tomorrow.

Keeping this objective in mind, we need to give them a platform for expressing their creativity, where they can share their ideas, vision and visualization that alchemize into reality.

Newsletter is one such effort from school.

RECIPES

RAINBOW POPCORN MATERIALS

6 cups popped popcorn
Pink food spray*
1/2 cup pink candy melts (we used cotton candy flavoured melts)
1/2 cup blue candy melts
1-2 tsp **Cotton Candy extract** (optional)
1-2 teaspoons coconut oil or shortening
pink and blue sprinkles

DIRECTIONS

- Step 1** Pop the popcorn with an air popper. (Or use plain bagged popcorn for ease - no butter popcorn.)
- Step 2** Lay the popcorn on two cookie sheets and spray lightly with the pink food spray. Turn over and coat the other side. Let dry as you prep the candy melts.
- Step 3** Place the candy melts each in a small microwave-safe bowl. Heat for 25 seconds, stir, and reheat as needed.
- Step 4** Add in 1/2 teaspoon or more of coconut oil to make the candy melts more loose and easily drizzled. Stir in a cotton candy extract if using.
- Step 5** Drizzle half of the candy melts over the popcorn, add sprinkles, let dry. Reheat the candy melts and toss the popcorn to coat the other side with the second drizzle.
- Step 6** Let dry completely before serving or packaging.

YOU

My Achievements

Sport pertains to any form of physical activity that improves our skill.

Sport is my Passion.

This picture of mine clearly indicates that I am a professional Skater who has participated in several interschool competitions and bagged Gold and Silver. I have been skating from past 6-7 years. I have gone through all the levels in Skating and because of my efforts and passion towards skating I have finally reached the Professional Level. I wish to continue with the same and move forward with the same spirit.

Apart from being a professional Skater , I am also a Brown Belt in Karate.

I have participated in several Karate competitions and won medals and trophies.

I have been to different states for competitions. I have been learning Karate from Grade 2 onwards. I am yet to achieve the Black belt which I am sure I can do it with my dedication.

I have been able to balance between my studies and extra curricular activities after my school hours with my parents support.

Finally, I am most thankful to all my coaches for bringing me up till this level and motivating me. I would like to keep moving forward with the same spirit and confidence.

Thankyou,
