## Principal's Message

**Every student can learn, just not in the same way.**

Our children are active change-makers who help us create a more conscious and mindful society. They are not just the passive recipients of our continuous efforts.

If we look around, it is evident that children feel and react much more strongly and positively about whatever is happening around them. They question, they challenge, they pull us out of our lethargic stupor that we have let ourselves slip into because of the routine.

An essential part of our children's learning at schools need to be on developing life skills and not just the academics. This is to equip them with critical thinking, analytical skills, problem solving and contribute to the holistic development and thus transforming them into the responsible citizens of tomorrow.

Keeping this objective in mind, we need to give them a platform for expressing their creativity, where they can share their ideas, vision and visualization that alchemize into reality.

Newsletter is one such effort from school.

# Welcome Note

*Dear Students,*

We wish, you see the light in yourself and others. Compliment others and be proud of your accomplishments. Believe in yourself as you are stronger than you know. We believe in you.

Try hard, but know your limits. Others will help you, ask if you need help and trust.

Fill your heart with laughter and smile often. We love to see your smile. You are a unique, special and amazing person. There will never be another you. We appreciate all of you. We are proud of you.

Dream, believe, wonder, inspire, love, nurture . We are always there to guide you.

*Love*

*Pre-Primary Teachers*

# Activity: Fun with Nature - Special

## Assembly

Nature is the beautiful world that surrounds us. It includes trees, beautiful flowers, blue sky, river, fish, animals etc. On the occasion of World Environment Day, our tiny tots dressed up in green colour costumes and danced to the song (Protect our Earth) holding the placards with slogans "Safeguard our environment and make our Earth a better place to live in."

"Happy  
Earth, Save  
Earth "

## World Environment Day

"Raise your  
voice  
against  
every act  
of harming  
the Earth "

# Activity: Green Day celebration

Green is the colour of nature. Green means learning about growth, harmony and environment. Green Day was celebrated by our tiny tots. Each child had bought a green object for the show and tell activity and thumb printing activity was done to explore, learn, develop and enhance creativity.

*"In every  
wood in  
every spring  
there is a  
different  
green."*

# Activity: Father's Day celebration

A father is someone you look up to no matter how old you grow. Dads are most ordinary men turned into heroes by love. He is an adventurer, storyteller, and singer.

Father's Day was celebrated at Nurture International School by Pre-primary children. A card was prepared by our little ones to award their father as 'Best Father'.

"A father is someone you look up to no matter how tall you grow."

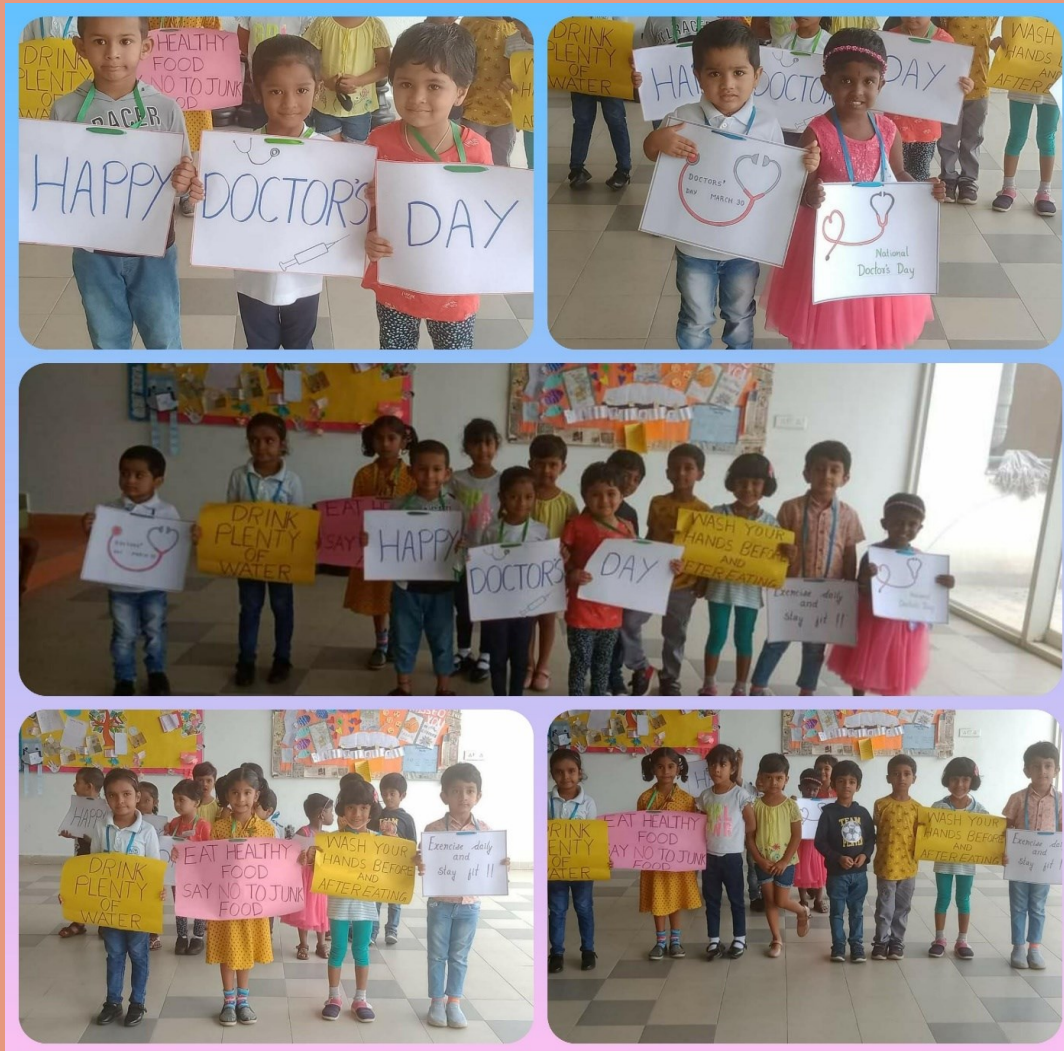

# Activity: Doctor's Day

National Doctors' Day is celebrated to recognize the contributions of doctors towards individual lives and communities.

An action song in praise of selfless service of the doctors was presented by tiny tots. Placards depicting healthy habits were displayed.

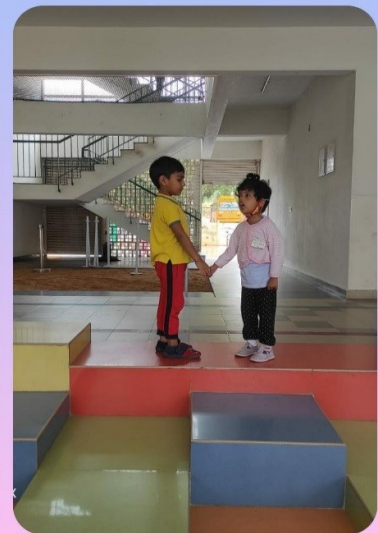

***“Medicines  
can cure  
diseases, but  
only doctors  
can cure  
patients.”***

***— Carl Jung***

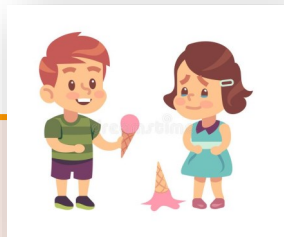

Manners are a sensitive awareness of the feelings of others. We believe in sensitizing the young ones from an early age. Our pre primary students were given awareness during Etiquette's week by teaching them magic words, table manners, good posture, self introduction, good touch and bad touch.

**-Lynn Coady**

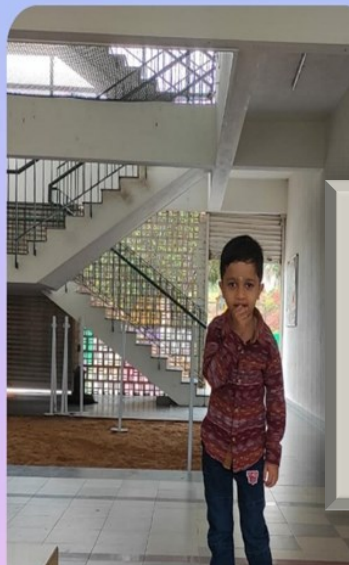

# Activity : Etiquette week

*Friends and  
good manners  
will carry you  
where money  
won't go.*

*-Margaret Walker*

# Activity: Chocolate Day

Chocolate is one of the most delicious things known to mankind. Chocolate becomes much more sweeter when you eat it with people you love. Our tiny Nurturites were dressed as chocolates and were amused to pose for the photoshoot with their friends. They were as sweet as chocolates. A cotton dabbing group activity was conducted in the class and the students enjoyed the activity.

*"A little bit of  
sweetness can  
drown out a  
whole lot of  
bitterness."*

*Happy  
Chocolate Day!*

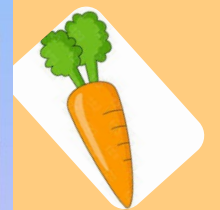

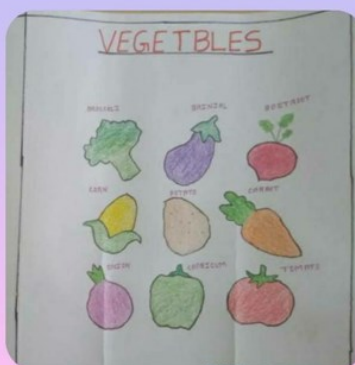

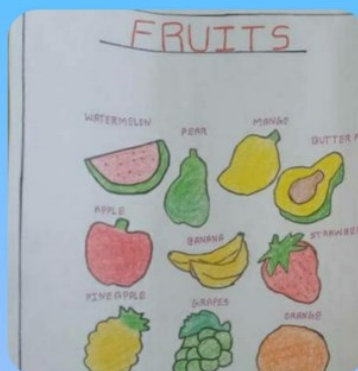

# Activity: Art and craft

Art and craft activities give kids a sense of achievement and allow them to take pride in their work. It builds confidence. Making art is a great, safe way to discover oneself and that getting things 'wrong' can lead you to a whole new idea.

Our tiny hands were involved in creating craft and art for the theme fruits, vegetables, water animals and seasons

# Activity : Art and Craft sea animals

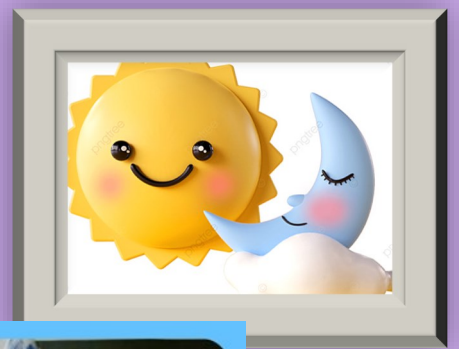

*"I found I could say things with color and shapes that I couldn't say any other way—things I had no words for."*

# Art and Craft: day and night

# Activity: Red Day

Red colour symbolizes enthusiasm, life and vitality. The day started off with the colour red everywhere red dress, red objects, food packed in red.

Our juniors were dressed in red to add the importance and festive atmosphere behind Red Day celebration. The shades of red induced in the students the sensation of joy. Student's brought red coloured objects and spoke briefly on the significance of the colour red and were engaged in the activity of decorating a red apple, and strawberry.

*“The colour of  
love and  
smiles illuminates  
the air with  
energy, vigour and  
exuberance……”*
